

Cheese, Cheesy, Cheesious...

Jakarta, 27th September 2007 ---- The huge success of Pancious Pancake House located in Permata Hijau creates a great demand of new variety of pancakes from Pancious' valuable guests. As a pioneer in pancake house hospitality industry in Indonesia, Pancious is proudly to announce Pancious is launching a set of new items into our menu. To indulge pancake lovers and pancake lovers-to-be at Pancious, Pancious passionately continues innovating new creations of foods. The new items will be launched for the first time to the public on 1st November 2007.

Inspired by the popularity of American cheesecake, the theme of new sweet pancake items is Cheese, Cheesy and Cheesious... , totaling up to 6 new flavours; Vanilla Cheese, Blueberry Cheese, Strawberry Cheese, Cherry Cheese, Mango Cheese, Apricot Cheese and Oreo Cheese. All of the items are the combinations of our new homemade cheese fudge with our favorite homemade sauces and toppings.

Our creations are not only in sweet pancake alone but also in savoury pancake, the food names are smoked salmon with chili cream and sautéed chicken & mushroom. It is full of flavour. It is exotic. It tastes so good.

Having a title as the best seller in main meal category (the second best seller after pancake), pasta category has newcomers in the group. We serve two new pasta sauces; garlic cream based sauce and marinara sauce. The garlic cream based sauce is served with grilled chicken and spinach (Chicken and Spinach Pasta) and the marinara sauce is served with grilled salmon and cream (Creamy Marinara Salmon Pasta). Both pastas are cooked with any of your pasta preferences.

In drink category, we welcome Pancious Milk Drink as our special drink. It is a mixture of milk, flower essence and tea essence. Also, we include in our menu a good selection of imported premium teas served in a cup, perfect for self-indulge consumption.

Pancious that has capacity of 180 seating at the moment, is the first pancake house in Indonesia. We recognize our self as the pioneer of pancake house in Indonesia and always are the leader in innovating new tastes of pancake creation. When you are talking about pancake, it's gotta be Pancious.
