

PANCIOUS

Opens in Plaza Indonesia

Pancious, the pioneer of pancake house in Indonesia, grand-opened its third outlet in Jakarta at Plaza Indonesia 5th floor on March 2009. The 165-seats outlet is located in the main corridor's junction, making it a strategic place to meet friends or enjoy you time with family. The place is elegant and modern, yet it still provides a sense of warmth and friendliness to guests enjoying pancakes and waffles. With various toppings to choose from, Pancious is the right place for pancakes.
