Modern baroque Pancious comes to South Jakarta!

Pancious Pancake House recently opened its latest outlet in Jakarta at Pondok Indah Mall 2 (PIM 2), South Jakarta.

Known for its cozy ambiance and appetizing menu of pancakes and pasta, Pancious is going modern baroque in its latest hotspot, which sports a red dominated open-kitchen concept.

The restaurant was designed by Nathalia Bernhard from Bernhard & Co. With plenty of wood, steel and white bricks that give out a relaxed yet elegant feel.

This is Pancious Pancake House's sixth outlet after those in Permata Hijau, Pacific Place Mall, Plaza Indonesia, Kelapa Gading 5 and Taman Angrek Mall. Pancious will be opening up another outlet in Senayan City this November.

Throughout Ramadan, Pancious is serving free appetizers for those breaking their fast at all Pancious outlets from 6 p.m. to 8 p.m.
