

# PANCIOUS COMES TO PIM2

**P**ancake lovers in South Jakarta can now satisfy their cravings by stopping by Pancious Pancake House's newest outlet, at Pondok Indah Mall 2 (PIM2). Opening its doors in early August, this is Pancious' sixth outlet following those in Permata Hijau, Pacific Place, Plaza Indonesia, Kelapa Gading 5, Taman Anggrek and Senayan City.

The cozy and welcoming interior, designed by Nathalia Bernhard of Bernhard & Co., provides an elegantly modern yet relaxing atmosphere for indulging in both sweet and savoury pancake dishes. And the rustic red accents are sure to refresh guests' appetites.

Signature menu items include pancakes with cream cheese and vanilla ice cream, topped with a generous helping

of blueberry sauce, or the Beef Bacon & Egg Pancake for those seeking heartier fare.

Don't have a thing for pancakes? Pancious also has a complete pasta selection, of which the Mushroom Pasta is an all-time favourite. All dishes are prepared with utmost care and using the freshest quality ingredients.

Pair any of these with a thirst-quenching drink, like the signature Fresh Fruit Ice Tea Cocktail, and you're all set.

Whether treating yourself, revelling with friends or indulging your family, Pancious promises an enjoyable experience for all.
