

pancious pancake house opens in new location with new menu

Pancious Pancake House has recently opened at Senayan City. The outlet which opened on 1 December 2010, is not a new outlet. Senayan City was chosen as the new location for Pancious Pancake House's first outlet which was previously located in Permata Hijau. "The move was made to reach a wider target market, as well as to reinforce Pancious' focus towards its customers in the malls", said Fransisca Tjong, one of Pancious Pancake House's owners, at the grand opening of Pancious Pancake House Senayan City on 8 December 2010.

The change of location coincided with the introduction of Pancious Pancake House's new menu. Several items with a 'back to classic' concept have been added to the menu, such as the 'Nutty Pistachio Pancake' and 'Nutty Nutella Pancake'. These classic variations of sweet pancake use nuts as a key ingredient.

Pancious Pancake House, which is also popular for its pasta, also presented a couple of new pasta dishes: the 'Chili Prawn' and 'Chicken & Blue Cheese'. The latter is with a pleasantly stronger cheese flavour than regular pasta that uses cheddar cheese.

As for the salad, 'Honey Mustard Salad' which is made with romain lettuce, grilled chicken, croutons and tomato, is a fairly mild dish with really tasty honey mustard dressing. Simply a must-try.

Pancious Pancake House also has outlets in Kelapa Gading Mall, Plaza Indonesia, Pacific Place and Pondok Indah Mall 2. Visit the outlet nearest you to sample the new menu.
